

# SKAU REIPURTH

## **Emre Kuscü**

Attorney

Emre Kuscü has extensive experience in negotiating and drafting commercial contracts as well as expertise in IT law, intellectual property law and marketing law, including disputes within these areas. In addition, Emre has an in-depth understanding of general commercial law issues across sectors and a particular expertise with complex regulatory issues, especially within ESG, energy and environment, life science and other intensively regulated areas. In the energy and environmental area, Emre has extensive experience with renewable energy and infrastructure projects.

Emre is part of Skau Reipurth's transactional group as well as the firm's interdisciplinary energy and environment group, both of which are dedicated to providing holistic solutions that combine top-level legal advice with a strong commercial understanding.

Emre speaks English, Turkish and the Scandinavian languages.
